

2011 Cebu Industrial Automation Day

May 24, 2011 • 8:30am – 5:00pm • Crown Regency Suites Mactan, Cebu City

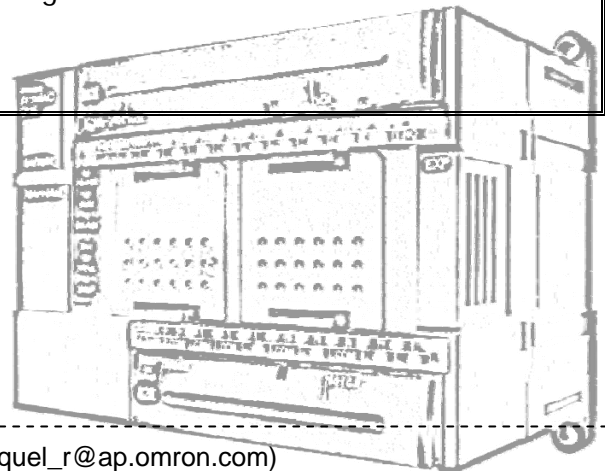

The **2011 Cebu Industrial Automation Day** will showcase the latest trend in the basic and advance industrial automation industry through the FREE training on Programmable Logic Controller (PLC) and Frequency Inverter and exhibition of the latest products in the world of industrial automation.

Who Should Attend: Engineers or Technical Staffs from Engineering, Production, Equipment Maintenance and Facilities who are involved in the design, realization of factory automation and equipment integration projects in their respective manufacturing companies.

| | |
|--|---|
| <p>AM Topic: <u>Frequency Inverter</u></p> <p>Description: In this topic, participants will learn the basic operation of inverters, configuring parameters, identifying error codes and how to correct them.</p> <p>Outline:</p> <ol style="list-style-type: none"> i. Theory and commonly used terms in frequency inverters ii. Selecting the right model of inverters basing from your application iii. Configuration of parameters iv. Identifying and troubleshooting code errors v. Overview of the hardware and installation considerations vi. Hands-on/demo | <p>PM Topic: <u>Basic PLC Programming</u></p> <p>Description: This topic will help participants in the basic programming and parameter setting in PLC.</p> <p>Outline:</p> <ol style="list-style-type: none"> i. Introduction to Programmable Logic Controllers (System Configuration and Sizing Up of Omron PLC) ii. Ladder Programming Concept and Restrictions iii. Introduction to CX-Programmer Software iv. Program simulation and Hands-On Exercises |

IMPORTANT NOTES:

1. This technical seminar is FREE-OF-CHARGE but reservation is very important.
2. Fill-up the form below and fax it back to us at (02) 811-2831~36 on or before May 20, 2011 (Friday)
3. Snacks, lunch and handouts are provided
4. Since the seats are limited, we can only accommodate two (2) participants per company.
5. Omron reserves the right to decline reservation if it deems necessary.

Reservation Form (fill-up and fax it to (02) 811-2583 or email to racquel_r@ap.omron.com)
